

A Celebration of Construction on the National Mall

May 14-16, 2023 Exhibits open 9AM to 5PM

SMITHSONIAN MUSEUM OF NATURAL HISTORY

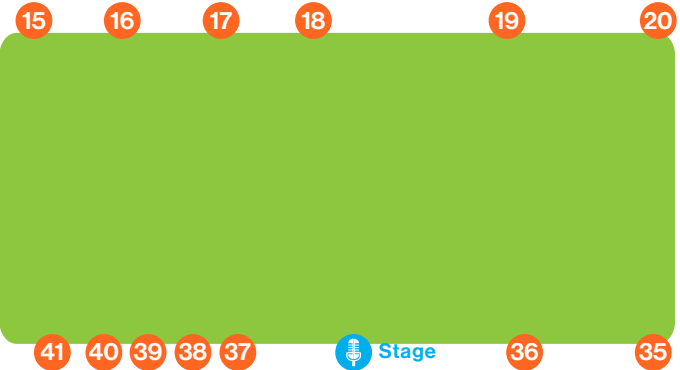

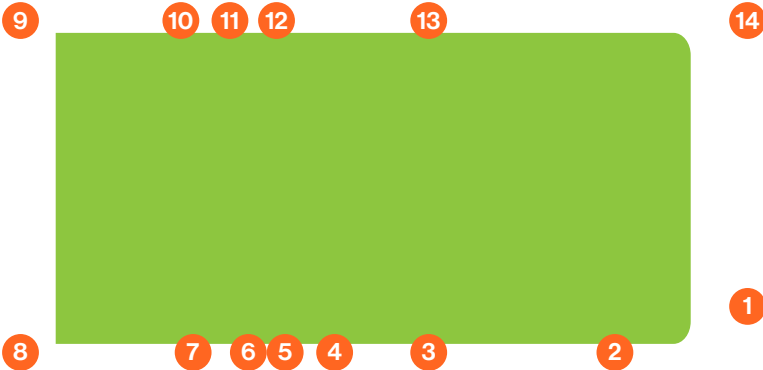

Restrooms

MADISON DR NW

12TH ST

9TH ST

First Aid

25

26

Smithsonian Metro Station

JEFFERSON DR SW

1 John Deere / Wirtgen Group

- 145 P-Tier excavator
- 772 P-Tier motor grader
- 317G compact track loader
- Hamm HD 12e VV electric roller
- Wirtgen W 35 XFi milling machine
- VogeLe Super 700i asphalt paver

Learn how we are helping contractors answer the fundamental need for smarter, safer, and more sustainable construction solutions so our customers can shape tomorrow.

2 Takeuchi

- TB20e electric excavator
- TB210R excavator
- TB2150R excavator
- TB257FR excavator
- TB335R excavator
- TL8R2 track loader
- TL12V2 track loader
- TW80 wheel loader

Discover how Takeuchi's compact construction equipment helps builders and contractors be more productive by combining efficiency, performance, operator comfort, and serviceability.

3 FAE USA

- FAE RCU 55
- RPL SSL road planer

Learn about our mission of developing products that contribute to building a better world through sustainable land management, and offering productive construction tools that allow less equipment to do similar jobs. We're prioritizing jobsite and operator safety while cutting down on emissions and keeping our air cleaner.

4 American Rental Association

Learn how the rental industry supports the broader construction and equipment industry, as well as the trend towards a more sustainable and sharing built world.

5 National Utility Contractors Association

We build America and so can you! Visit NUCA's booth to learn about the important work U.S. utility construction and excavation companies provide and the rewarding career paths available!

6 Independent Electrical Contractors

Visit IEC's booth to learn more about the leading workforce development association for electrical contractors and how to start a rewarding career in the electrical industry with hands-on activities and giveaways.

7 Association for Uncrewed Vehicle Systems International

Learn how uncrewed systems are revolutionizing the construction industry.

8 Ditch Witch

- HT75 vacuum excavator
- JT20 directional drill

At Ditch Witch, we power people's lives. At our booth, we'll show how our equipment helps bring power, water and telecommunications into homes and businesses around the globe.

9 Vermeer

- BC1000XL brush chipper
- D20x22 S3 horizontal directional drill
- G3+ utility locator
- RTX1250i2 ride-on utility tractor
- VXT300 vacuum excavator

Learn about our equipment that safely and efficiently manages natural resources and installs essential infrastructure that delivers fiber, water, electricity and gas to homes and businesses.

10 Common Ground Alliance

Learn about the Common Ground Alliance's mission to save lives and prevent damage to underground infrastructure across the country.

11 Distribution Contractors Association

Learn about the challenges and opportunities facing the pipeline construction industry, the importance of natural gas, the need for robust pipeline infrastructure, and our efforts to recruit and retain a 21st century workforce.

12 Power and Communication Contractors Association

Stop by the PCCA booth to discuss the important work being done to deliver broadband to all Americans and strengthen our nation's power grid and learn about rewarding careers in the construction industry.

13 Manitou

- 2750 VT compact track loader
- ATJ 60e aerial work platform
- MTA 1055 telehandler

Visit our booth to view the latest equipment designed by Manitou: Telehandlers, Aerial Work Platforms and Compact Track Loaders - on display to see how Manitou places innovation at the heart of its development to provide and produce durable solutions for today's job sites.

14 Komatsu

- PC210LCE electric excavator
- PC210LCi-11 hydraulic excavator
- D71PXi-24 crawler dozer
- WA380-8 wheel loader
- WA500 bucket

Learn how Komatsu creates value through manufacturing and technology innovation to empower a sustainable future.

15 Association of Equipment Manufacturers

Learn how AEM drives the construction industry forward through their product safety, sustainability, and leadership initiatives. Explore AEM safety materials and gain insight into important industry trends and technologies.

16 Kubota Tractor Corporation

- KXO30-4 mini-excavator
- KXO57-5 excavator
- SCI-1000 skid steer
- SVL 75-3 compact track loader

Learn how Kubota's iconic orange equipment is powering the American dream on every job site, rural landscape, neighborhood, and cityscape.

17 necoTECH

- Rapid concrete deployment machine (RCDM)
- Robotic maintenance vehicle (RMV)

Learn how we utilize more advanced equipment to create eco-friendly materials to improve performance, increase safety, and make our infrastructure more sustainable for decades to come.

18 BOMAG

- BT 60 e electric tamper
- BW 120 AC-5 combination light tandem roller
- BW 190 AD-5 Heavy Tandem Roller
- CR 1030 W highway paver
- BM 2200/65 Milling Machine
- ROBOMAG 2 autonomous concept single drum roller

Learn about the future of the industry and our efforts to develop more sustainable products and technologies that allow for lower fuel consumption and alternative energy sources.

19 LeeBoy

- 5300B asphalt paver
- 695 motor grader
- 8520C electric asphalt paver
- 8608 asphalt paver
- Maximizer 2B electric asphalt distributors

In order to meet the needs of the future for our customers, learn how Leeboy has taken the initiative to design alternative power to stay ahead of regulations in the industry.

20 Astec Industries

- Roadtec RP-195 asphalt paver
- Roadtec RX-405 cold planer

Learn about our efforts to connect people, processes, and products, while advancing innovative solutions for the Rock to Road industries.

21 Caterpillar

- 301.9 battery electric mini excavator prototype
- 299D3 compact track loader
- 966 XE medium wheel loader
- C9 core & remanufactured engines

Learn about the current state and future of the construction industry including equipment innovation, ease of use technologies, convenient service options and sustainability choices.

22 Bridgestone

Learn about Bridgestone Americas' journey to become a global leader in sustainable mobility solutions, with a spotlight on Bridgestone's OTR construction and quarry tire lineup, Fleet Care suite of solutions, and domestic manufacturing footprint.

23 DEVELON

- DL320-7 wheel loader

Learn about our newest innovation to prevent blind spots in front of wheel loader buckets, display a full view of the excavator's surroundings, and detect objects behind the machine.

24 Gradall Industries

• EX4100 electric highway speed telescopic boom excavator
Learn about Gradall Industries LLC's partnership with Volvo Penta, their primary engine supplier, to develop a fully electrified version of the Gradall XL4100V highway speed telescopic boom wheeled excavator. The zero-emissions concept machine, named EL4100, is powered entirely by two Volvo Penta battery packs and matched to the duty cycle of the excavator.

25 Volvo CE

- EC18 electric compact excavator
- EC230 electric mid-size excavator
- ECR25 electric compact excavator
- HX04 hydrogen fuel cell articulated hauler
- L20H electric compact wheel loader
- L25H electric compact wheel loader

Learn how we are leading the change to a more sustainable future, with a booth display that is completely diesel-free, including a commercially available electric construction equipment and alternative power concepts now in field tests, all aimed at helping our customers stay 100% productive while meeting their carbon reduction goals.

26 LBX Company

- 145 X4 excavator
- 220 X4S excavator

Learn how we develop products to build stronger, sustainable communities with advancements in technology, reduced emissions, and a focus on alternative solutions for future generations.

27 Trimble

- AgileAssets
- Earthworks Grade Control Platform
- SiteVision Augmented Reality System
- SketchUp Pro
- Trimble X7 3D Laser Scanner

See how Trimble technology can transform construction operations. From machine control to augmented reality, we're helping the world's projects work better.

28 International Union of Operating Engineers

Learn more about IUOE's training facility in Crosby, Texas, where we keep our members trained on emerging technologies, new equipment, and the latest safety training.

29 American Society of Civil Engineers

Dive into Mega City 2070, an immerse virtual reality experience that introduces a plausible city and its evolution from 2020 from 2070.

30 Associated General Contractors of America

Learn about the many exciting, high-paying career opportunities available within the construction industry and what AGC is doing to recruit a new and more diverse workforce into the sector. Come see our truck-based interactive exhibit with construction simulators available to sample.

31 Association of Equipment Management Professionals

Learn about the vital role equipment managers play in deploying strategies that enhance the performance, profitability, and safety in construction companies' biggest capital expense - their equipment fleet.

32 American Council of Engineering Companies

ACEC is shining a spotlight on the sequential work of engineers, celebrating their achievements, and recruiting the next generation to join this noble endeavor.

33 Topcon

- Topcon Total Station

Learn about our efforts to provide superior end-to-end business solutions by integrating high-precision measurement technology, software, and data, improving productivity and workflow to meet global demand for sustainable infrastructure.

34 Bobcat

- E10e battery-electric compact excavator
- E32e battery-electric compact excavator
- E60e excavator with Bobcat Intelligent Control System
- S7X skid-steer loader
- T7X compact track loader

Learn about our latest technologies and enjoy demonstrations of the Bobcat Intelligent Control System, its advanced vision display, and its collision warning and avoidance system.

35 Cemen Tech

- C60 volumetric concrete mixer

Learn how volumetric concrete mixers can add value to infrastructure projects as well as being a more sustainable way to produce concrete.

36 Dynapac

- CA3500 soil roller
- CC1000 e electric tandem asphalt roller
- FC1250CS asphalt paver
- CC4200 tandem asphalt roller

Learn about soil and asphalt compaction and paving as well as how Dynapac is powering the road ahead with electrification and technology advancements.

37 American Traffic Safety Services Association

Learn how roadway safety impacts your everyday life and see roadway safety devices such as a traffic signal and pedestrian sign. Don't forget to pop by the Flagger Ahead photo booth sign!

38 American Road and Transportation Builders Association

Learn how the National Work Zone Safety Information Clearinghouse provides the transportation construction industry and the general public with comprehensive information to improve motorist, worker, and pedestrian safety in roadway work zones.

39 Associated Equipment Distributors

Learn about careers that fix and build America within the heavy equipment industry, from technicians to operators.

40 National Stone, Sand, and Gravel Association

Learn about NSSGA, our members in the aggregates and industrial sand industries, and the positive impact they have on the economy and communities across the country.

41 National Asphalt Pavement Association

Learn how the asphalt pavements you ride or walk on every day are designed, constructed, and reused. Touch real pavement samples. Hear about exciting, diverse careers. Use VR to go inside an asphalt plant!
